# Prime Cuts

Cutting prices to the bone for retail butchers everywhere! • Issue 10 August 2009

**Specially Made**

## Polycups

The simplest way to portion soup, stock, gravy, coleslaw, potted meat and brawn. Dalziel new 8oz polycups offer a stronger, more rigid solution.

For tamper evident pots please see the Dalziel Lidding Solution on the inside left page.

only **£88.00** per 1000

## Crystal Clingfilm Cutterboxes

**New**

Just to make life a little easier Dalziel clingfilm cutterboxes come with their own sliding knife to cut the film. No more fighting with serrated edges or separate dispensers!

12" **£5.95**    18" **£7.95**

**NEW**

**Rich Chasseur Sauce** only **£14.85**

Email [recipes@dalziel.co.uk](mailto:recipes@dalziel.co.uk) or call your local representative for a superb chicken chasseur recipe.

**Verstegen. Fun for Food.**

**Do you produce a ready to go food product?**

**Do you want a leak proof solution and appetizing presentation?**

onsite demonstration available

**Then Dalziel has the solution for you.**

The latest innovation in sealing machines, new to the UK. Enterpack will revolutionise tray sealing because it is the only machine of its type. The only fully automatic tabletop machine on the market, from the world's largest manufacturer of auto tabletop sealing machines.

Our range of heat sealing machines, food trays and film generate impulse purchases and drive repeat business, ideal for sealing ready meals, meat products, salads, soups, deli and sandwiches.

**Enterpack**

**Fully Automatic Cardboard Wedge Sealing**

**Simple .... It takes just 4 steps and a few seconds.**

- Step 1** Load sandwiches into Enterpack Machine
- Step 2** Press Start Button
- Step 3** The drawer closes and seals the sandwich wedges in 6-7 seconds.
- Step 4** The drawer opens. Remove sealed sandwich wedges.

- Simple to operate
- 3 Year warranty
- Extremely low power usage (up to one sixth of the power consumption of traditional machines)
- Simple - 3 pin plug and no compressors!
- Profile cut as opposed to a flap of film at either end on most machines
- No cross contamination hazard as you don't touch the machine to operate it
- 100% leak proof
- Supermarket standard packaging solution
- A complete solution, we supply machine, tooling, trays, film and training
- Easy to clean

Seal PP, Cpet, foil or pressed card trays with a peelable or weld film.
